- It's necessary to standardize all communications both in English and Spanish so the information is accurate.
- Housing.
- Security, there has been an uptick of crimes committed in the community.
- Lots to rebuild, infrastructure.
- You see many wheelchairs in the highway of people wanting to move from one place to another, there should be sidewalks for people to move safely.
- Benches.
- Health systems that have Spanish-speaking personnel.
- Pamphlets and information in Spanish.
- Meeting points and shelters to be well marked and that people know the areas they must go to for safety.

WHAT IDEAS DO YOU HAVE FOR HELPING TO ADAPT TO THE LOCAL FIRE RISK?

- Education, training to educate people.
- Improve evacuation routes since only some places have only one exit making it dangerous during traffic jams.
- Visible evacuation routes.
- We should not forget about people with disabilities and elderly people.
- What to do in case of emergency.
- Although I thought I was safe because I lived close to the highway, it was difficult to enter the highway and exit.
- There was no news as to when one should leave, we left at the last minute.
- Clear alarms.
- Use church bells.

WHAT IS YOUR #1 PRIORITY?

Community Listening Meeting – Virtual

- Shelters available for everyone in case of emergency.
- Education about where the shelters are.
- Conduct drills constantly so we don't forget what to do in a high-risk zone.
- Drills with family members just like they do them in school.
- Shelter and an emergency plan for the people with pets and animals and how to evacuate with them.
